

PROGRAM

Day 1 – Monday, 16 November 2009

11.30 **Registration and lunch**

Moderator: P.C.W. Hogendoorn

12.30-12.35 **Welcome**
P.C.W. Hogendoorn

12.35-12.40 **Introduction**
G.J. Fleuren

12.40-13.20 **Preparation of biopsy and resected specimens (macroscopy, decalcification methods). Significance for diagnostics**
P.C.W. Hogendoorn

13.20-13.40 **Radiologic approach of skeletal tumours**
H.J. van der Woude

13.40-14.35 **Differential diagnosis of bone-forming tumours (osteoid osteoma, osteoblastoma, osteosarcoma subtypes, fibrous dysplasia)**
J. Bras

14.35-15.00 **Tea break**

15.00-15.10 **Introduction to the radiology of bone-forming tumours**
H.J. van der Woude

15.10-15.50 **Radiology and microscopy, session I:
Bone-forming tumours; case study**
J. Bras and H.J. van der Woude

15.50-16.30 **Evaluation of the radiology and microscopy session with the pathologist and the radiologist**
J. Bras and H.J. van der Woude

19.00 **Course dinner in the city centre of Leiden (included in course fee)**

Day 2 – Tuesday, 17 November 2009

9.00-9.15 **Coffee**

Moderator: J.V.M.G. Bovée

9.15-9.45 **Biopsy, curettage and resection of skeletal tumours from a surgical-clinical point of view**
A.H.M. Taminiau

9.45-10.30 **Differential diagnosis of giant cell containing tumours (giant cell tumour, hyperparathyroidism, reparative giant cell granuloma, ABC, chondroblastoma, giant cell containing varieties of osteosarcoma and malignant fibrous histiocytoma (MFH))**
P.C.W. Hogendoorn

10.30-10.40 **Introduction to the radiology of giant cell containing tumours**
H.J. van der Woude

10.40-10.55 **Coffee break**

10.55-11.40 **Radiology and microscopy, session II:
Giant cell containing tumours; introduction, case study**
P.C.W. Hogendoorn, H.J. van der Woude

11.40-12.20 **Evaluation of the microscopy session with the pathologist and the radiologist**
P.C.W. Hogendoorn, H.J. van der Woude

12.20-13.00 **Lunch**

Moderator: P.C.W. Hogendoorn

13.00-13.40 **Differential diagnosis of cartilage-forming tumours (osteochondroma, chondroma, chondromyxoid fibroma, chondrosarcoma subtypes)**
J.V.M.G. Bovée

13.40-14:05 **Introduction to the radiology of cartilage tumours**
H.J. van der Woude

14:05-14:45 **Hereditary bone tumours and bone tumour-resembling disorders (multiple osteochondromas; Li-Fraumeni syndrome etc)**
A.M. Cleton-Jansen / J.V.M.G. Bovée

14.45-15.10 **Tea break**

15.10-15.55 **Radiology and microscopy, session III:
Cartilage-forming tumours; introduction, case study**
J.V.M.G. Bovée

15.55-16.40 **Evaluation of the microscopy session with the pathologist and the radiologist**
J.V.M.G. Bovée, H.J. van der Woude

17.00 **Drinks**

Day 3 – Wednesday, 18 November 2009

9.00-9.15 **Coffee**

Moderator: J.V.M.G. Bovée

9.15-9.45 **Differential diagnosis of small blue round-cell tumours (Ewing sarcoma, lymphoma, metastasis)**
P.C.W. Hogendoorn

9.45-10.05 **Contribution of molecular diagnostics to the classification of bone tumours**
J.V.M.G. Bovée

10.05-10.50 **Differential diagnosis of inflammation and inflammation-like conditions (chronic and acute osteomyelitis, Brodie abces, eosinophilic granuloma, posttraumatic condition)**
J. Bras

10.50-11.05 **Coffee break**

11.05-11.45 **Radiology and Microscopy, session IV:
Various tumours and tumour-like disorders: learn from the practice**
J. Bras, P.C.W. Hogendoorn, J.V.M.G. Bovée, H.J. van der Woude

11.45-12.30 **Evaluation of the microscopy session with the pathologist and the radiologist**
J. Bras, P.C.W. Hogendoorn, J.V.M.G. Bovée, H.J. van der Woude

12.30 **Closure**

12.30-14.00 **Optional: visit to the nearby anatomical museum + lunch**
